By OOT Staff

California producer Goldridge Organic Farms has won three Gold Awards at the 2024 NYIOOC World Olive Oil Competition.

These awards assure our customers that they are purchasing the real thing, 100 percent natural, the way nature intended." - *Brooke Hazen, owner*

The serial award-winner earned its World Competition accolades for Tuscan Blend, an organic medium blend; its Minerva Blend, an organic medium blend; and another organic medium blend, its Picholine Blend.

"Winning at the NYIOOC is the pinnacle of awards," said owner Brooke Hazen. "I am so immensely grateful for receiving so many Golds. These awards assure our customers that they are purchasing the real thing, 100 percent natural, the way nature intended."

In the 2023/24 crop year, Goldridge Organic Farms produced 14,000 liters of extra virgin olive oil.

"This last harvest was the latest harvest I can remember," Hazen said. "This made it difficult to navigate between heavy rains. But we did harvest at exactly the right stage of ripeness."

The NYIOOC World Olive Oil Competition is the world's preeminent olive oil quality contest. Its annual list of award winners is the authoritative guide to the world's best olive oils and the dedicated producers who craft them.

The complete list of winners can be viewed in the Official Guide to the World's Best Olive Oils.
